## Declaration of the Kingdom of the Irish Nation

I declare that I am the Hereditary King of the Irish Nation and that I am going to purify the administrative system so that all may live a sovereign life. At this time the Irish Nation is under attack by foreign powers with support from the members of the Government of Ireland. I will put an end to that onslaught by creating an administration which is loyal to the Irish Nation and which has the ability to prevent problems before they arise. This knowledge is based on the integration of three supreme systems of learning, learning from India, modern learning and learning from our own tradition. Nothing else will make any headway to resolve the problems that are created by the Government of Ireland due to ignorance being mixed into each action. In order to have the transition proceed immediately without any conflict the people who have taken an Oath of Loyalty to the Irish Naton will have to act according to that loyalty. There is only one group of people in the country, and they must be very concise in their actions.

That's it.
